*I.E.P. Goal: The client will give a logical consequence for an occurrence when presented with an "If...then" statement with 90% or greater accuracy.*

Note: This format may have to be taught initially by asking *What-Questions*.

Example: If it rains, then...what will happen?

#### **Association**

#### **Task B: Situational Associations with Clues**

Read each group of sentences. Then answer the questions. The first one is done for you.
